

Interdisciplinary Tech Advancement

ASU Polytechnic Innovation Zone

This site is ideal for industry partnerships that **focus on project-based learning, interdisciplinary laboratories, and regional transportation assets.** With a focus on learning through making and solving real-world challenges through collaboration, the Arizona State University (ASU) Polytechnic Campus is home to the ASU Polytechnic Innovation Zone. It specializes in hands-on exploration of innovative solutions in:

- Aviation
- Alternate energy
- Health solutions
- Human-technology integration
- Comprehensive commercial printing and design services
- On-demand digital/additive manufacturing

Strategic Location

Located in the City of Mesa's Gateway Area, the Poly Innovation Zone is adjacent to the Mesa Gateway Airport, which features three 10,000' commercial-capable runways. It is also home to SkyBridge Arizona, the United States' only inland international air logistics and joint U.S.-Mexico Customs processing hub. This ASU Innovation Zone supports needs in:

- Tech-transfer
- Artificial intelligence
- Additive manufacturing
- Advanced processing
- Health and well-being
- Transportation and seamless logistics solutions

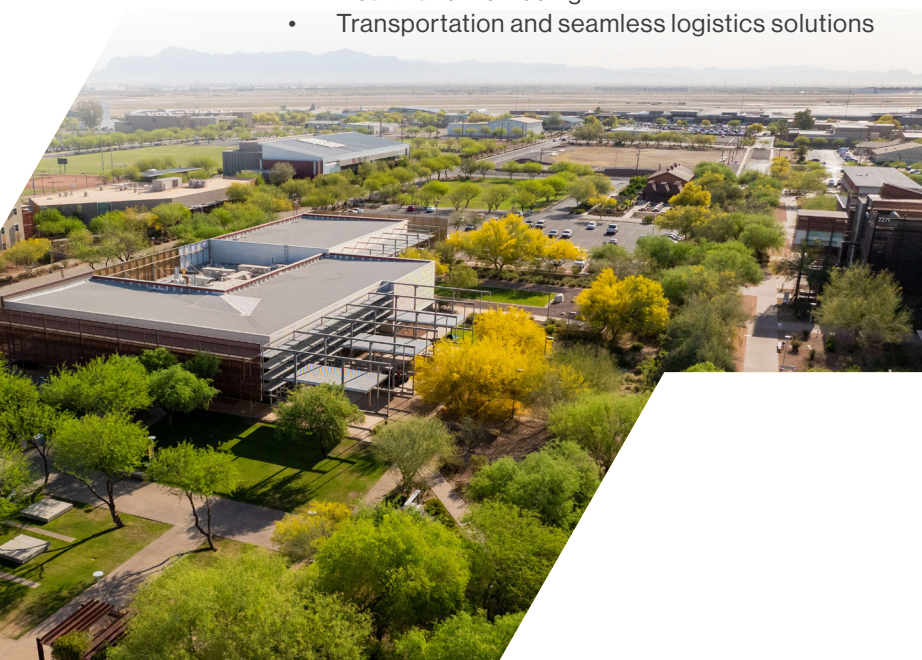

Innovation Zones at ASU

Built-to-Suit Opportunities

The **300-acre Poly Innovation Zone** features built-to-suit opportunities, allowing for **flexible building options** and the **convenience to grow in place.** Tenants benefit from co-locating with Arizona State University, ranked #1 in innovation.

#1 in the U.S. for innovation

Booming Gateway Region

The region hosts **world-class aviation companies** including:

- Embraer
- Cessna
- Able Aerospace Services
- Textron Aviation
- Gulfstream
- Virgin Galactic (final assembly and ground testing of Delta-class spaceships)

Tech-centric companies in the Gateway Area include:

- Global command centers for Google and Apple
- Bridgestone Biorubber Process Research Center
- EdgeCore's data center campus

Adjacent to the Poly Innovation Zone is the Arizona Laboratories for Security & Defense Research (AZLabs), which maintains Department of Defense security accreditations for proprietary projects. **On campus, cutting-edge centers and labs include:**

- Arizona Center for Algae Technology and Innovation
- Center for Human, Artificial Intelligence, and Robot Teaming
- Laboratory for Energy and Power Solutions

Talent and Education

The ASU Polytechnic Innovation Zone is located in the East Valley, which has a highly-educated labor force of over 1,000,000 within a 30-minute commute. **Nearby educational institutions** include:

- ASU Preparatory Academy
- East Valley Institute of Technology (EVIT)
- Chandler Gilbert Community College (CGCC)
